

The International Art contest **izoCREATION 2023**

/ ILLUSION /

Illusion, as an art problem, can be spoken of practically within any design on the surface. The illusion is found in both realistic and abstract motifs. It represents a virtual 3D (three dimensional) space on a 2D (two dimensional) surface. It is indispensable and often presents a challenge for the creator in terms of how best to present it to the viewer of the work of art.

We invite you to express your thoughts and ideas in works of art on the subject of **ILLUSION**.

The contest **izoCREATION** is open to students from grades 6 to 9 (ages 11 to 15).

Each mentor can submit up to 10 artworks, which must be no larger than the A3 format A3 (29,7 cm x 42 cm).

We only accept two-dimensional artworks. They must not be framed or mounted.

You can submit artworks in any drawing, painting, graphic, or mixed technique. You can also create a photo. The products may be the work of an individual or the work of two or more authors.

All entries must contain the following information on the back side:

- title of the artwork,
- the student's first and last name, grade, and age,
- the teacher's first and last name, and email address,
- the school's name and address,
- the country.

Entries must be submitted by **December 15th, 2023** at the latest, they must be adequately packed to avoid bending, wrinkling, or tearing. Please use the enclosed form in packing and mailing the entries.

Please send your entries to the following address:

IZOMODEL, Zavod za vzgojo in izobraževanje
Mariborska c. 97
2370 Dravograd
SLOVENIA

Entries received by the deadline will be assessed by a panel of judges, who will select artworks to be showcased at the exhibition and the winning artworks based on the requirements of this contest. The showcased and winning artworks will not be returned. Products that will not be included in the exhibition will be sent by post at the request of the authors of the works and their mentors.

You will also be informed about the opening of the works and the awarding of awards.

For more information please email us at izomodel.delavnice@gmail.com or call **+386051496085**.

We wish you days be filled with artistic inspiration and freedom.
